PROFILE

Full-Stack Developer with experience in building secure, scalable, and responsive web applications using modern back-end and front-end technologies. Skilled in designing RESTful APIs, working with databases, and creating clean, maintainable code. Experienced in technical instruction, problem-solving, and collaborative development environments.

Education

BSC. in Computer Science and Artificial Intelligence - 2024
Cairo University, Cairo, Egypt

Experience

- **English Coding Instructor – ISchool**
  August 2025 - June 1, 2026

  Developed strong communication and presentation skills by explaining complex technical concepts in simple, clear English. Gained experience in classroom management, time management, and mentoring students. Strengthening technical foundations in programming fundamentals, problem-solving strategies, and project-based learning. Improved ability to design structured learning paths and interactive coding activities.

PROJECTS

- **Riven Roams Tours Website – GitHub: Repository-Link**
  July-2024
  Riven Roams is a secure and dynamic web platform designed to streamline the tour booking experience. It offers features for both regular users and administrators.

- **Exodia-OS Website – Live: Exodia-OS**
  May-2024
  Focused on layout design and user-friendly navigation using modern front-end practices

- **Personal Portfolio Website – My-Protofolio**
  January -2024
  Designed and developed a dynamic personal portfolio using Angular and Bootstrap.

- **Chess Game – GitHub: Repository-Link**
  A playable chess game built with JavaScript, implementing game logic and move validation.

- **Learning Management System (LMS) - GitHub: Backend | Frontend**
  Built a role-based learning platform with React, Node.js, Express, and MongoDB, featuring JWT authentication, dashboards, sessions, tasks, submissions, and performance reviews.

Internship

- **YAT Full Stack Web Development Diploma** **El Maadi, Cairo, Egypt**

  March 2018 - July 2018

  - Customized themes and deployed fully functional applications to live servers.
  - Technologies Used: JavaScript, HTML, CSS, PHP, Laravel, MySQL

- **Full-Stack .NET Developer at Digital Egypt Pioneers initiative (DEPI)**

  June 2025 - December 2025
  - Building end-to-end web applications with ASP.NET, C#, SQL Server, and modern front-end frameworks.
  - Clean architecture, scalable APIs, and delivering real-world digital solutions.

- **MEAN Stack Web Development Diploma (NTI) Cairo, Egypt**

  July 2023 - September 2023
  - Built full-stack web applications using the MEAN stack architecture.
  - Developed RESTful APIs with Express and Node.js and created dynamic UIs using Angular.

Certificates

- **Google Data Analytics Professional Certificate** **Coursera**

  July 2023
  - Gained proficiency in data preparation, processing, analysis, and visualization.
  - Tools Used: Spreadsheets, SQL, Tableau, R

Technical SKILLS

- HTML / CSS
- JavaScript (ES6+)
- TypeScript
- Angular
- Node.js / Express.js
- C# / ASP.NET Core
- SQL Server
- MongoDB
- RESTful API
- (OOP)
- Design Patterns
- Python
